

## THE QUALITY

### OUR STRENGTHS: ORGANIZATION, TECHNOLOGY AND QUALITY

All the staff departments are linked to our computer system (ERP). This system guarantees systematic processes and controls since the customers input, production program (machines – batches), purchased material till the capacity resource planning (CRP) and the shipment of the goods.

**WARRANTY OF "ZERO DEFECTS"**

Quality is not achieved once and for all it is a ceaseless effort and a target that must be aimed and conquered every day. INDUSTRIALTECHNICS has always made excellence its hallmark; in 2000, the company obtained UNI EN ISO 9002: 1994 certification, followed by implementation in accordance with the UNI EN ISO 9001: 2000 standard and the most recent UNI EN ISO 9001: 2008 one. In 2012, certificates for BS OHSAS 18001: 2007 and for ISO 14001: 2004. In 2018, we got the renewal for the certificates ISO 9001:2015, OHSAS 18001:2007 and ISO 14001:2015.

INDUSTRIALTECHNICS ensures targeted and careful control of production: the company boasts its own climate-controlled metrology facilities for quality check equipped with 3d machines and other digital tools, that can be linked to software for capacity index analysis.
